

We make it easy for teachers to trial our full product. You can be up and running in minutes following the steps below.

Step 1: Register as a teacher and activate your 1 month trial

Go to <http://www.englishcentral.com/academic> and register as a teacher.

Enter the information in the registration box and you'll activate your 30 day full trial. It will allow you to provide Academic Premium access to 50 students. Most importantly, you'll see the power of our LMS and how it helps teachers assign, monitor and assess student learning.

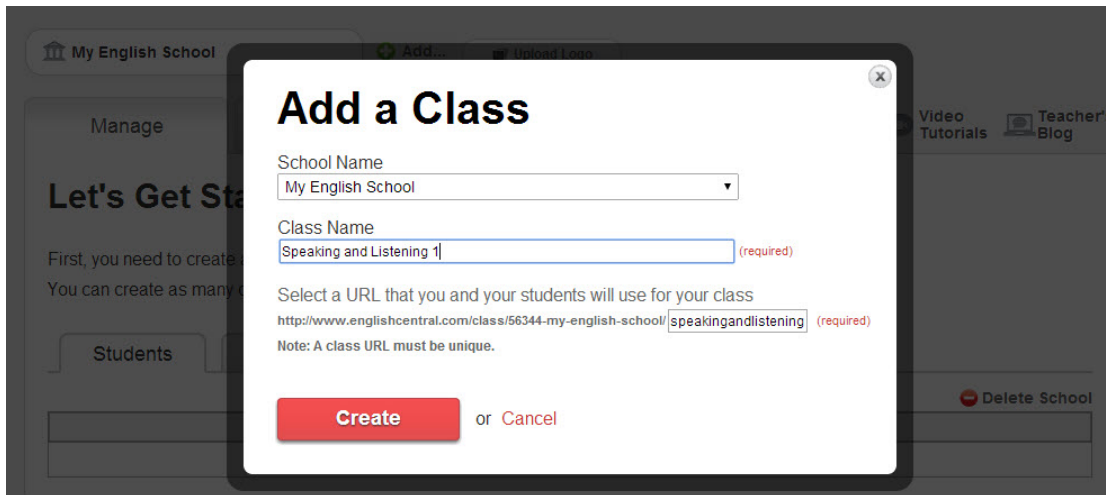

The screenshot shows the EnglishCentral Teacher Portal registration interface. On the left, there is a 'TOPICS' sidebar with a menu including 'Overview', 'Solving Problems', 'The EnglishCentral Solution', 'Teacher Resources', 'Webinar', 'News', and 'Academic Pricing'. The main content area features a 'Welcome to the Teacher Portal' message and a list of three bullet points: 'Select great content for your students from our library of over 8000 video lessons and 40 video courses.', 'Solve problems in classrooms around the world.', and 'Learn how to design your own video course and track your students' progress using our teacher tools.' On the right, there is a 'Try it free!' registration form with fields for 'Native Language', 'Name', 'Email Address', 'Password', 'School or Organization', and 'Phone'. A green 'Register' button is present, along with a checkbox for 'I agree to the Terms of Service and Privacy Policy' and a 'Use Facebook' option. At the bottom of the form area, there are links for 'Learners' and 'Sign In'.

Register now and get FREE Premium seats for up to 50 students.

Step 2: Make Your First Class And Class Page

Students study on your class page and that is where you add the video lessons and courses for them to study. So you'll have to start by making a class page. Select + Add Class. Add your class name and CREATE. You will now have a class page with a unique URL where your students will enroll and study.

You can make as many schools, classes and groups as you wish on EnglishCentral. Also Invite fellow teachers to your school on EnglishCentral (so you'll all be using the same School account).

Step 3: Set Goals And Assign Video Curriculum

Students are motivated to study each week or month through the goals you set. Set your goals, select if weekly or monthly and also select if students can achieve them by only studying the videos you select or by studying any video lesson on EnglishCentral. Click **NEXT**.

Next, select video lessons or courses. Browse our video selection, over 9,000 video lessons! Or select from our course catalog. Select from many topics and also specialized courses to select from. Add content by selecting **Add To Class** when logged in as a teacher. Click **I'M DONE**.
